The 32nd episode of the Smashed Bashed Yet Not Dashed Podcast was with none other than ELENA CARDONE. who is one of the most exceptional women and apart from that she has been an exceptional mother to Sabrina and Scarlet Cardone.

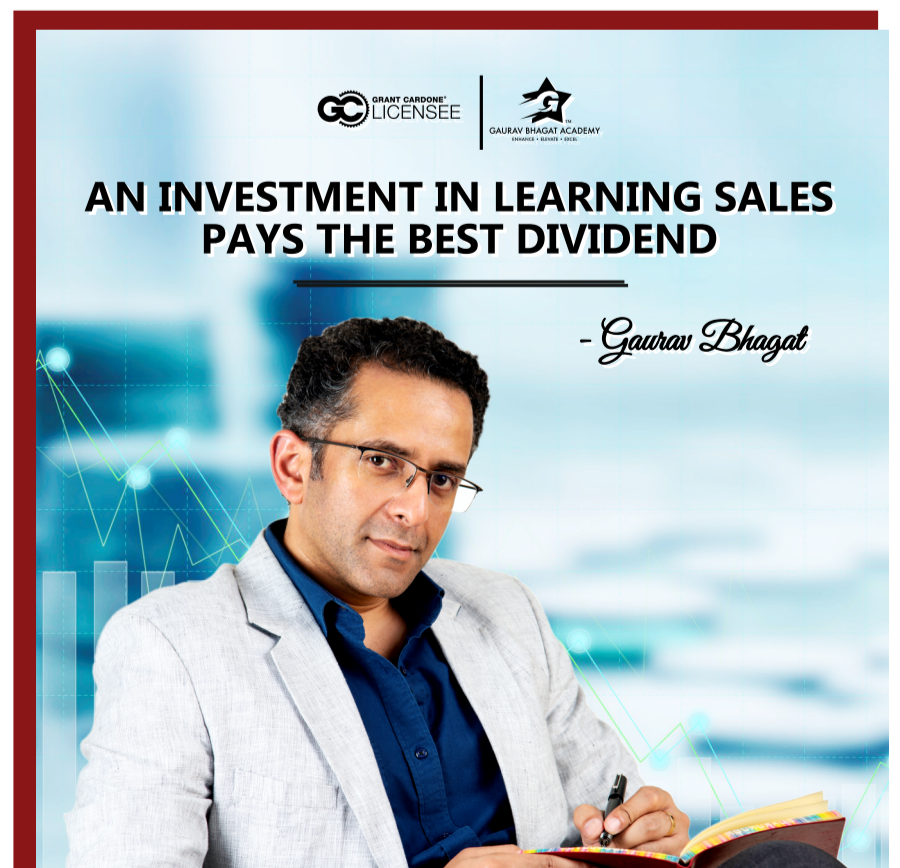

All of this despite having a very traumatic teen experience and lots and lots of disappointments in life. This is one podcast episode where Elena opened up on so many things and such valuable advice to all listeners. Truly a must watch episode.

7 years with Consortium Gifts

Prachi Singh

Here's what Prachi has to say about her 7 years of journey.

I can't believe it's been 7 years already. The journey has been long and winding. It has been a delightful experience to be part of Consortium Gifts and I can't look back I've been in Sales for 7+ years. I've spoken to hundreds of people and acquired clients across India. I'm confident enough to say I know what I'm doing today. But 7 years ago, I was very young and thought I knew everything, but I didn't, and I still don't, I'm still learning despite being in the industry for so long, but the last 7 years with Consortium has really been making me a better sales person. I've been fortunate working with the right company and most importantly the right people. Yes. I thank each and every person from the bottom of my heart for being with me throughout this journey.

We've got a great news for you!
