## PODCAST

Live interview at the Gaurav Bhagat Academy with Aditya Gupta is a renowned entrepreneur, explorer and also someone who scaled Mt. Everest in 2019.

The shares and his lessons from Mt. Everest and life will blow you away.

Some would call Aditya quite the risk taker.

He has further lived his passion for adventure and even scaled Mt. Everest in 2019 after turning 50.

The best learning from this episode was the 40-80 rule of giving up and how not to fear scale (even that of the tallest mountain of the world) to get more of such exciting insights and advice in this episode are on another level altogether.
